FREQUENTLY ASKED QUESTIONS

What Is Required When Installing On Top Of Wood Or Concrete?

Structural Post Mounts Are Required For Installations On Top Of A Wood Or A Concrete Surface. They Fit Inside Of The Shower Enclosure Posts and Secure The Shower Enclosure To The Installation Surface. Structural Post Mounts Are **Not** Included With The Shower Enclosure Kits By Default and **Must** Be Selected As An Additional Option.

*****See "Structural Post Mounts" Above For More Information.*****

Can I Order A Fourth Wall?

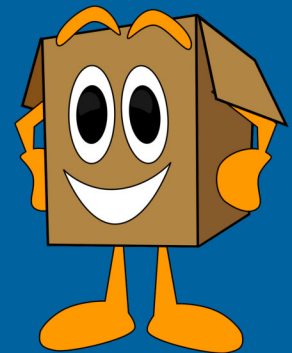

Yes. But, Usually The Wall Of The House Is Used "As Is" Without The Fourth Wall.

What Is Included In A Standard Kit?

Walls, Mounting Brackets, Posts, Door, and Door Hardware Only.
Walls and Door Do Not Come Pre-Assembled.

How Do I Buy This?

All Shower Enclosure Components Come Packaged In Cardboard Boxes For Easy Transportation and Quick Installation.
