300 / 500 Series w/ Optional 14" Partition	-----	QTY 7

## FAQ

### Installing On Top Of Wood Or Concrete?

Structural Post Mounts Are Required For Installations On Top Of A Wood Or A Concrete Surface. They Fit Inside Of The Shower Enclosure Posts and Secure The Shower Enclosure To The Installation Surface. Structural Post Mounts Are **Not** Included With The Shower Enclosure Kits By Default and **Must** Be Selected As An Additional Option.

**\*\*\*See "Structural Post Mounts" Above\*\*\***

### Can I Order A Fourth Wall?

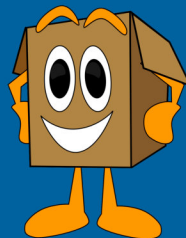

Yes. But, Usually The Wall Of The House Is Used "As Is" Without The Fourth Wall.

### What Is Included In A Standard Kit?

Walls, Mounting Brackets, Posts, Door, and Door Hardware Only. Walls Do **Not** Come Pre-Assembled.

### How Do I Buy This?

All Shower Enclosure Components Come Packaged In Cardboard Boxes For Easy Transportation and Quick Installation.

### 47" Knock Down Shower Door

For applications where only a Shower Door is needed to enclose a pre-existing outside shower.

Door can be sized from 13" to 47" Includes Hinges, Door Latch and Handle.
